Summary

Motivated BCA Graduate and Aspiring Front-End Developer with hands-on experience in React.js web apps, mobile apps, and Android apps. Skilled in HTML, CSS, JavaScript, React, Git, and UI/UX design. Strong portfolio with live projects showcasing the ability to deliver fast and build user-friendly applications.

Skills

Languages: HTML, CSS, JavaScript, Python, React.js, React Native

Tools & Technologies: GitHub, Android Studio, Power BI, Figma, Framer

Other: UI/UX Design, Responsive Web Design, DOM Manipulation, Prompt Engineering, Firebase

Experience

Web Development Intern at Dhanvith Ventures

Feb 2025 – April 2025

Web Development (On-Site)

Tools Used: VS Code, GitHub, React, HTML, CSS, JS

– Developed and deployed business websites using React.js and Vercel.

- * **Built dhanvith-ventures.com** – A clean, responsive website for a corporate firm with optimized layout and contact form integration.
- * **Built advina.in** – Professional web presence for a brand with clean UI and responsive design.
- * Collaborated with designers to implement UI/UX principles and ensure cross-browser compatibility.

Projects

College Comparison App (React Native, Node.js, Firebase)

- * Built a mobile app to search, compare, and filter colleges by rank, fees, branch, and city.
- * Integrated Firebase for real-time database and authentication.
- * Deployed scalable backend with Node.js for smooth API handling.

GPS Simulator

Android App (Java, Android Studio)

- Developed an Android app to Simulate GPS locations with real-time manipulation.
- Implemented custom map interface for user-defined coordinates.

Business Websites

React.js + Vercel Deployment

- Dhanvith Ventures: Clean React-based corporate site.
- Advina Solutions: Professional web presence with contact form integration.

Certifications

- **Python for Everybody – University of Michigan (Coursera):** Gained foundational skills in Python programming and data handling.
- **React.js Bootcamp – DevTown:** Hands-on training in React.js fundamentals, component-driven development, and deployment.
- **MS Power BI – Skill Nation:** Practical training in creating dashboards, data modeling, and visual storytelling using Power BI.

Education

Bachelor of Computer Applications (BCA)

Aug 2022 – June 2025

RNS First Grade College, Bengaluru

CGPA: 7.6 / 10

PUC - PCMC

April 2020 – April 2022

Sri Chaitanya PU College, Bengaluru

Percentage: 69 / 100
